## An Extension to Update Product in Bulk

The **Bulk Product Update Extension for Magento** enables a mass product update feature from the Admin panel. Magento, by default, gives only few options to update products in bulk. The extension lends a great helping hand to the Admin to manage products more effectively. It helps in updating Price, Special Price, Cost, Quantity, Weight, and Category in bulk.

## MENU

Go to Admin panel -> Bulk Product Update  
-> Settings

The screenshot shows the Magento Admin Panel interface. The browser address bar displays the URL: `magento-intern.bridge-teams.com/admin_z85oca/bulkupdate/index/skuupdate/key/6e1740d38cec8098e9358a89e802071c...`. The page title is "Bulk Product Update". A sidebar menu on the left lists various admin functions: DASHBOARD, SALES, CATALOG, PRODUCT BADGE, CUSTOMERS, MARKETING, BATCHCODE, CONTENT, BULK PRODUCT UPDATE (highlighted), FLASH SALE, and REPORTS. The main content area shows a "Bulk Product Update" section with a search icon, a notification bell with "4", and a user profile for "admin". Below this is a table with a header "Created At" and a row of data. A red "Upload CSV" button is visible on the right side of the table.

# Configurations

Here we have to set "Configuration" values. The Extension provides options like increase/decrease/replace for attributes like price, special price, cost, quantity, and weight. For instance: we can increase price, decrease or replace price. The extension also allows you to update Price, Special price, Cost by a particular number or percentage of the current value.

Amount is in percentage or not

Cost Update Operation [global]

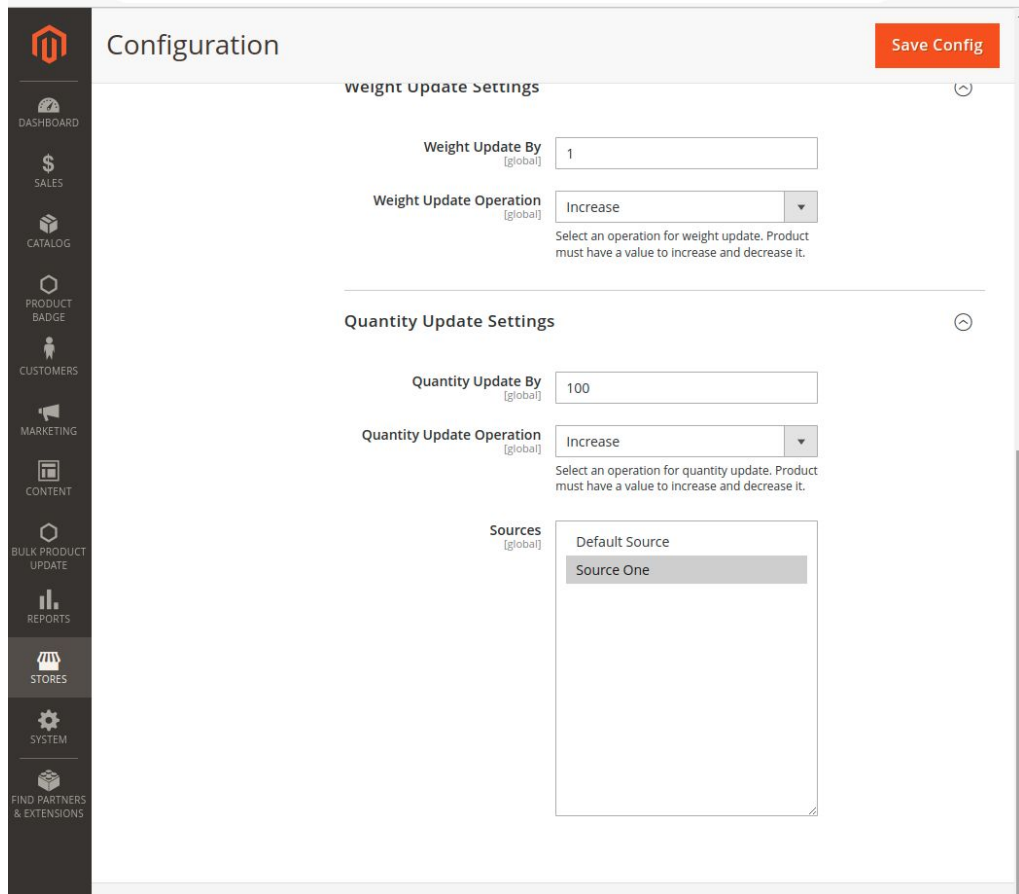

Select an operation for cost change. Product must have a value to increase and decrease it.

**Weight Update Settings**

Weight Update By [global]

## Stock Update Configurations

In multi-source stores, select the sources to update stock inventory.

The screenshot shows the 'Configuration' page in the Bridge Global system. The page is divided into three main sections: Weight Update Settings, Quantity Update Settings, and Sources. A 'Save Config' button is located in the top right corner. The left sidebar contains navigation icons for Dashboard, Sales, Catalog, Product Badge, Customers, Marketing, Content, Bulk Product Update, Reports, Stores, System, and Find Partners & Extensions.

### Configuration

**Weight Update Settings**

Weight Update By [global]

Weight Update Operation [global]  ▼  
Select an operation for weight update. Product must have a value to increase and decrease it.

After executing selected action, count of success and failed records will be displayed in message box.

The screenshot displays the 'Manage Product Bulkupdate' interface. At the top, there is a search bar and user information (admin). Below this, a message box shows the results of the bulk update: a red box indicates 'A total of 2 sku(s) were failed.' and a yellow box indicates 'A total of 1 sku(s) were updated.' Below the message box, there is a search bar with the text 'Search by keyword', a 'Filters' button, and a 'Default View' dropdown. A table shows 1888 records found, with 200 records per page. The table has columns for ID, Thumbnail, Name, Categories, SKU, Price, Quantity, Visibility, and Status. The table contains 6 rows of product data.

ID	Thumbnail	Name	Categories	SKU	Price	Quantity	Visibility	Status
1		Joust Duffle Bag	Gear,Bags	24-MB01	\$37.00	Default Source: 100 Source One: 220	Catalog, Search	Enabled
2		Strive Shoulder Pack	Gear,Collections,Bags	24-MB04	\$35.00	Default Source: 100	Catalog, Search	Enabled
3		Crown Summit Backpack	Gear,Bags	24-MB03	\$40.00	Default Source: 100	Catalog, Search	Enabled
4		Wayfarer Messenger Bag	Gear,Collections,Bags,New Luma Yoga Collection	24-MB05	\$46.00	Default Source: 100	Catalog, Search	Enabled
5		Rival Field Messenger	Gear,Collections,Bags,New Luma Yoga Collection	24-MB06	\$46.00	Default Source: 100	Catalog, Search	Enabled
6		Fusion Backpack	Gear,Bags	24-MB02	\$60.00	Default Source: 100	Catalog, Search	Enabled

This option enables the user to bulk update the Product SKUs. Here we can see a list of CSVs uploaded to update SKUs. The initial status of the file will be 'Processing' and once the update is complete it will change to Completed.

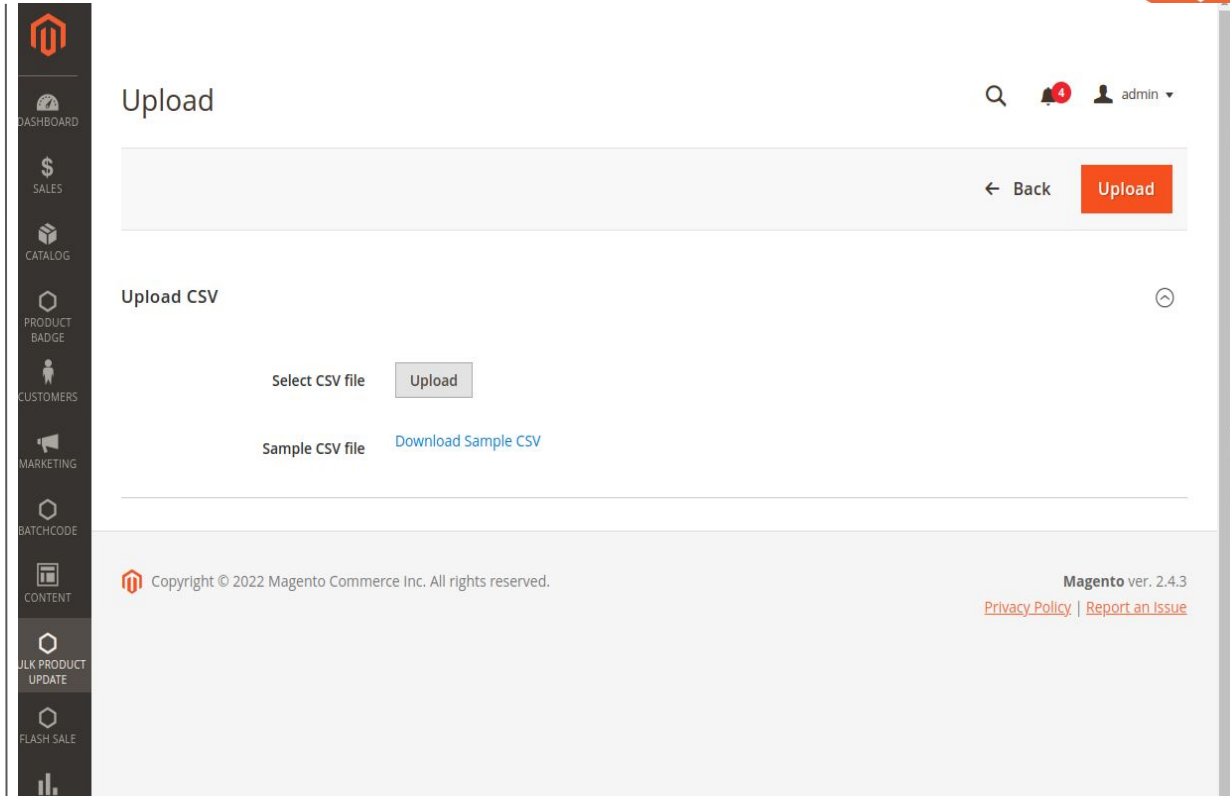

ID	Status	CSV File Name	Created At	Message	Action	Action
1	Completed	bulkupdate/csvs/1234567890789012345_1.csv	2022-09-19 09:22:40	0 rows out of 2 are updated	<a href="#">Download</a>	<a href="#">Download Result</a>

For bulk Product SKU update, CSVs can be uploaded from this page. Here we can download the sample CSV and make changes to it and upload.

The screenshot displays the Magento Admin interface. On the left is a vertical sidebar with navigation icons and labels: DASHBOARD, SALES, CATALOG, PRODUCT BADGE, CUSTOMERS, MARKETING, BATCH CODE, CONTENT, **JLK PRODUCT UPDATE**, and FLASH SALE. The main content area is titled 'Upload' and includes a search icon, a notification bell with a red '4', and a user profile 'admin'. Below the title is a large grey rectangular area with a 'Back' link and an orange 'Upload' button. The section is titled 'Upload CSV' and contains two options: 'Select CSV file' with an 'Upload' button, and 'Sample CSV file' with a blue 'Download Sample CSV' link. At the bottom of the page, the footer contains the Magento logo, 'Copyright © 2022 Magento Commerce Inc. All rights reserved.', and 'Magento ver. 2.4.3' with links for 'Privacy Policy' and 'Report an Issue'.

**THANK YOU**
