

A One Day Event of Tech Talks and Workshops on Design Patterns

Bridge Global successfully organized “TechWhizz '17” on December 16, 2017 at PGS Vedanta Business Hotel, Kochi.

It was a one-day tech event for tech professionals to gain insights and practical application learning on “Design Patterns in Object-Oriented Programming”. Abhishek Sivasubramanian, the distinguished Tech Evangelist, was the speaker for the event. A group of tech experts from Bridge Global conducted a series of workshops to supplement each of the knowledge session. The workshop team led by Sukesh Chand did a wonderful job of making the event a practice-oriented one.

TechWhizz '17 served as an excellent educational platform for the technology community. More than 40 IT professionals from the region attended the event making it a worthwhile experience.

We hereby thank everyone for making TechWhizz '17, a great feat!
